## ABOUT US

Priya Construction is a renowned name in the construction industry, specializing in labour contracting, back-to-back contracting, and small construction services in [your location]. With a proven track record of delivering high-quality projects, we have earned the trust of our clients and established ourselves as a reliable partner in the industry. Our team of experienced professionals is dedicated to providing skilled labour and quality construction solutions for a wide range of projects, including residential, commercial, and infrastructure developments. We take pride in our attention to detail, commitment to safety, and ability to deliver projects on time and within budget.

At Priya Construction, we understand that every project is unique, and we work closely with our clients to understand their specific needs and requirements. Our goal is to deliver tailored solutions that meet their expectations and exceed their goals. Whether it's a small renovation or a large-scale construction project, we have the expertise and resources to get the job done efficiently and effectively. Our focus on quality, safety, and client satisfaction has enabled us to build long-term relationships with our clients and partners. We're committed to maintaining these relationships and continuing to deliver exceptional results in the future. With a strong presence in [your location], we are well-positioned to serve clients across the region. Our team is equipped to handle projects of all sizes and complexities, and we're always ready to take on new challenges. At Priya Construction, we're not just contractors – we're partners in your success. We look forward to working with you and delivering exceptional results for your next project.

**YEARS OF EXCELLENCE**

## OUR MISSION

Our mission at Priya Construction is to deliver superior labour contracting, back-to-back contracting, and comprehensive construction services with a strong commitment to quality, safety, and client satisfaction. We strive to provide highly skilled manpower and dependable construction solutions for residential, commercial, and infrastructure projects of all sizes. By understanding the unique requirements of every client, we deliver customized, cost-effective, and timely solutions that meet and exceed expectations. We are dedicated to maintaining strict safety standards, ensuring efficient project management, and upholding transparency and integrity in every engagement. Through continuous improvement, teamwork, and professional excellence, we aim to build long-term relationships with our clients and partners while contributing positively to the growth and development of the communities we serve.

## OUR VISSION

Our vision is to establish Priya Construction as a leading and most trusted name in the construction industry, recognized for reliability, innovation, and exceptional workmanship. We aspire to expand our presence across regions by adopting modern construction techniques, advanced technologies, and sustainable practices that enhance efficiency and environmental responsibility. Our goal is to create lasting value for clients, employees, and stakeholders by consistently delivering projects on time and within budget. We envision building strong partnerships based on trust, transparency, and performance excellence. By nurturing skilled professionals and fostering a culture of safety and quality, we aim to set new benchmarks in the industry and become the preferred construction partner for diverse and complex projects.

## OUR SERVICES

### 16 Years of Excellence - Priya Construction

With 16 years of proven experience, Priya Construction has established itself as a trusted name in delivering high-quality, safe, and durable construction solutions. Our journey reflects dedication, technical expertise, and a commitment to excellence across residential, commercial, industrial, and infrastructure projects.

For 16 years, Priya Construction has been transforming visions into reality by delivering reliable, durable, and high-performance construction solutions. We continue to build not just structures—but trust, quality, and long-lasting partnerships.

- **Site preparation:** includes clearing, excavation, grading, and leveling land to create a safe, stable base for construction.
- **Structural construction:** builds the core framework of buildings using concrete and steel, ensuring strength, stability, safety, and long-term durability.
- **Building construction:** involves planning, designing, and executing residential, commercial, and industrial structures with quality materials, skilled workmanship, safety standards, and timely completion.
- We undertake diverse infrastructure projects including road works, power house developments, lift irrigation systems, Water Treatment Plant (WTP) and Sewage Treatment Plant (STP) projects, and dam construction. Our expertise also covers painting and protective coating services, flooring and tiling work, piling and foundation solutions, along with specialized plumbing, electrical, and HVAC services, ensuring complete, high-quality construction support.

## OUR KEY PROJECTS

### 16 Years of Excellence – Priya Construction

Priya Construction has successfully completed numerous residential, commercial, industrial, and infrastructure projects over the past 16 years. While our portfolio is extensive, we are showcasing only a selected few projects here to highlight our quality workmanship, technical expertise, and commitment to excellence.

### Completed Projects in 2014-2017

Atal Bihari Vajpayee Ekana Cricket Stadium in Lucknow, Uttar Pradesh. The project was developed under a public-private partnership (PPP) model between Ekana Sportz City Pvt Ltd (a JV of NCC Ltd and GCC Pvt Ltd) and the Lucknow Development Authority.

### Completed Projects in 2015-2018

Saurashtra Branch Canal (SBC) Small Hydro Power Project in Gujarat is a pioneering renewable energy initiative generating 45 MW of electricity. It features three 15 MW plants built directly on the canal, transforming irrigation infrastructure into a micro-powerhouse.

## Completed Projects in 2017-2020

Megha Engineering & Infrastructures Limited (MEIL) was involved in key infrastructure developments for the Kachchh Branch Canal (KBC) in Gujarat, a major project designed to bring Narmada River water to the arid Kutch district. MEIL constructed crucial pumping stations at Fatehgarh, Rafer, and Bachao, installing 28 machines to lift and transport water through the canal, which is recognized as one of the longest man-made branch canals.

## Completed Projects in 2020-2024

The project functions by lifting water from the Cauvery River to dry areas, thereby acting as a lifeline for the Salem district.

## Completed Projects in 2021-2023

Gajwel Extension Project in Telangana is a crucial infrastructure initiative under Mission Bhagiratha to supply potable water to Jangaon, Gajwel, Alair-Bhongir, and Medchal regions

# PRIYA CONSTRUCTION

Building Trust. Delivering Excellence.

## Ongoing Projects in 2021

To provide a reliable irrigation water supply, boost agricultural productivity, and reduce dependence on monsoons in the Kutch salt desert region

## Ongoing Projects in 2021

Southern link project pump house super structure work in progress PS - 1 tappar sitel.

## Ongoing Projects in 2021

Across the IB River near Village Kopasinga/Kudabaga, Sundargarh District, Odisha. Diaphragm walls, bridges, dams, and irrigation work in progress Slab raft.
